O'Brien Construction Company Replaces Hay Cube Storage Building In Six Weeks

Pasco: On June 21, 1996 O'Brien Construction Co., Inc. was awarded the contract with Zen-Noh Hay Inc. to remove and replace their new 25,000 sq. ft. Hay Cube Storage Building that was destroyed by fire on June 20, 1996. O'Brien Construction also repaired the roof of an adjacent 25,000 sq. ft. Hay Cube Storage Building during the same six (6) week period.

Tom O'Brien would like to thank Zen-Noh Hay for their quick response in awarding the contract. We would also like to thank the City of Pasco for their wonderful cooperation in processing permits and allowing us to proceed immediately. Many thanks to the city of Pasco Fire Department for the swift reaction of their professional personnel in putting out the fire. Last but not least, thanks to the subs and suppliers who worked quickly to complete this project.

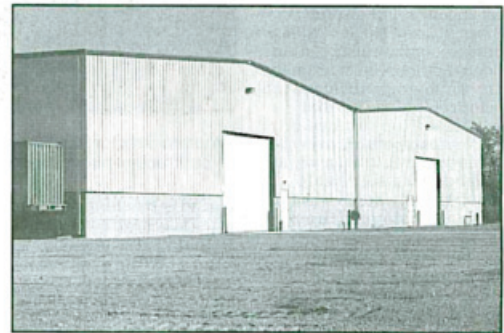

O'Brien
